Admission Guide
LPN to ASN Bridge
Fall 2020

INFORMATION IN THIS DOCUMENT IS SUBJECT TO CHANGE.
Dear Prospective Nursing Students:

Thank you for your interest in the ASN (PN to ASN Track) Program at Fletcher Technical Community College. Applications for the fall 2020 Program are currently being accepted. The application deadline for the program will be **Friday May 15** at 4:00 p.m. Applications received after this deadline will be deemed automatically ineligible for the program.

Successful completion of the ASN (PN to ASN track) degree prepares you to take the National Council Licensure Examination (NCLEX-RN) for licensure as a RN. Specific information regarding the curriculum and course descriptions can be found in the current academic year’s catalog located on Fletcher’s website ([www.fletcher.edu](http://www.fletcher.edu)).

Detailed admissions requirements for the ASN (PN to ASN track) program are included in this guide. Please read the following document fully. Students who are not admitted must re-apply for admission for a future entrance term. It is the student’s responsibility to retain copies of documents and resubmit a new application packet for future classes. We do not maintain a waiting list. Admission requirements are reviewed annually and are subject to change. Please ensure you are using the correct guide for the semester you are applying.

If you have questions regarding information in this document, please call the Department of Nursing. We look forward to assisting you as you begin your studies in nursing.

Sincerely,

Department of Nursing
Fletcher Technical Community College

Revised 12/10/2019
Associate of Science in Nursing Program Admission Information

Program Outcomes

- Performance on Licensure exam: Provide a course of study that promotes an annual (Jan 1st – Dec. 31st) first time pass rate of 80% or greater on the NCLEX-RN as set by the Louisiana State Board of Nursing.
- Program Completion Rate: The program completion rates will be 60% or more of students entering into the clinical nursing course will complete in three (3) semesters.
- Job Placement Rates: 90% or greater employment rate of graduates actively seeking employment to obtain employment in the field of nursing within one year of graduation.

Student Learning Outcomes

Students who successfully complete LPN to ASN program will be able to:
- Patient-centered care: Recognize the patient or designee as the source of control and full partner in providing compassionate and coordinated care based on respect for patient’s preferences, values and needs.
- Teamwork and Collaboration: Function effectively within nursing and inter-professional teams, fostering open communication, mutual respect, and shared decision-making to achieve quality patient care.
- Evidence-Based Practice: Integrate best current evidence with clinical expertise and patient/family preferences and values for delivery of optimal health.
- Quality Improvement: Use data to monitor the outcomes of care processes and use improvement methods to design and test changes to continuously improve the quality and safety of health care systems.
- Safety: Minimizes risk of harm to patients and providers through both system effectiveness and individual performance.
- Informatics: Use information technology to communicate, manage knowledge, mitigate error and support decision making.

LPN to ASN track students with prior ASN/BSN Credit

Due to the condensed nature of the program, the department of nursing does not honor advanced credit to anyone who was previously accepted in ASN or BSN program. If a student was previously accepted into an ASN or BSN program (clinical phase), the student is required to submit a letter of good standing from any ASN or BSN program they were admitted.

Students who have failed (D or F) any two NURS courses in separate semesters WITHIN THE LAST TEN YEARS from any institution are not eligible to apply.

College Admission Requirements

Associate of Science in Nursing – Clinical applicants must meet all general admissions criteria and be fully admitted to Fletcher, in addition to the program specific requirements contained in this document. Full admission is granted once a student is cleared by the office of admissions.

Full admission cannot be granted to an applicant/student who has outstanding holds from any school in the Louisiana Community and Technical College System. New and returning students must submit a completed admissions application in order to be considered for the program. The application can be found on the Fletcher website.

Revised 12/10/2019
Program Admission Requirements

Application for Admission to a Nursing or Allied Health Program
A completed Application for Admission to a Nursing or Allied Health Program must be submitted along with the other required documents listed in this guide to the Department of Nursing by the deadline. This document can be found on the Fletcher website LPN to ASN track page.

Official College Transcripts
If you attended any college or university other than Fletcher or other LCTCS schools prior to applying at Fletcher, official college transcripts must be sent directly from all previous accredited institutions to Fletcher Technical Community College for a formal evaluation of credits earned to determine what previous coursework will transfer to Fletcher. Transcripts can be sent in the following ways:

1. E-scripted transcripts submitted to Fletcher only and do not have to be submitted separately to the department of nursing.
2. Paper copies of official transcripts to both Fletcher Enrollment Services and Department of Nursing.

If the transcript is hand delivered, it must be sealed by the issuing institution. Any transcript not sent in a sealed envelope will not be accepted, and the application will be rejected. Transcripts must be submitted even if credit was not granted. Transcripts should not include course work that is “in progress.” All courses on all transcripts submitted will be reviewed even if Academic Amnesty was granted. All transcripts must be received by the Department of Nursing no later than May 20th of the application year.

Testing Requirements
Fletcher’s PN to ASN Clinical Program requires the HESI A-2 entrance examination. Any applicant who has previously taken the HESI-A2 must submit official scores with the application to the Department of Nursing. The scores must be within one (1) year from the anticipated date of enrollment. Applicant must score a minimum of 75% in each required component in order to be considered for clinical admission. Required components are: Anatomy and Physiology, Reading, Math, Grammar, and Vocabulary. Applicants are limited to two attempts to achieve the minimum of 75% in each required component. Applicants must highlight which of the two scores they wish to use.

The HESI-A2 test will be offered at Fletcher at various times throughout the year. Please contact the Testing Department in the Student Success Center for test dates and times. The applicant must pre-register for the test. Contact Enrollment to schedule a test date. Pre-registration is done on a first-come, first-served basis. Space is limited. Testing spots do fill up so the department of nursing recommends a student schedule the exam slot with the testing department early in the spring semester. The cost of the test is subject to change each semester. Please contact the testing department for information regarding the cost of the test. Test registrants MUST check in with the Student Success Center 30 minutes prior to their test time. Test registrants must bring a photo ID and payment receipt on the date of testing. Any examinee wishing to retake the HESI –A2 examination is recommended to wait a minimum of six weeks prior to
retesting to allow time for remediation. See test facilitator for directions on remediation procedure.

Any test registrant for the HESI-A2 requiring accommodations for testing must notify Fletcher at least two weeks prior to the scheduled testing date. Accommodations requests must be accompanied by a current evaluation. These requests must be submitted to the Testing Center. A special accommodations form is attached in the “Enclosed Forms” section at the end of this guide. A study guide for the HESI A-2 such as the *HESI Admission Assessment Exam Review* can be purchased at the Fletcher Bookstore.

**GPA (Grade Point Average) Requirements**
In order to apply for admissions into the clinical program, the grade point average (GPA) of all nursing prerequisite coursework must be at least 2.75. Most recent grades for all prerequisites will be added to the GPA calculator only. Prerequisite coursework under academic amnesty from all other colleges including Fletcher will be included in the GPA and treated as any other prerequisite course. The department of nursing does not count for courses marked as a ‘W’.

**Essay**
The applicant must submit a typed essay with a minimum of 200 words explaining interest, and objectives for pursuing a degree and career in nursing. Applicants should not include his/her name on the essay to prevent bias in scoring.

**Certified Background Check**
All applicants are required to obtain a background check from the local sheriff’s office. The approximate cost is $10. The results must be submitted with the program application packet.

**LPN License**
All applicants are required to submit a copy of the official license verification from the Louisiana State Board of Practical Nurse Examiners. This copy should show the applicant has a valid unexpired, unencumbered license.

**Work experience**
All applicants are required to submit letters from employers verifying work experience, which include a minimum of two years full-time work.

**Medical Compliance**
All applicants are required to submit medical compliance documents including unexpired CPR, a physical exam within one year of application, a tetanus vaccine within 10 years of application, and a Tuberculosis screening or negative chest x-ray within one year of application.

**Admission Application Deadline**
Completed “Application for Admission to Nursing or Allied Health Program” and all required supporting documents must be received by the Department of Nursing no later than **May 15** at 4:00 p.m.

It is recommended that the information be submitted by certified mail or hand-delivered. Only completed applications will be reviewed for admission. It is the applicant’s responsibility to make sure that all application materials are received by the deadline dates. Submit all documents together in a professional and organized manner in a folder or envelope. Do not submit in a

Revised 12/10/2019
notebook, binder, etc. The applicant should keep photocopies of all documents submitted. Contact between the student and the department regarding acceptance is done by mailing address and email address. It is the student’s responsibility to ensure that the information given to the department of nursing is kept current and accurate.

ANY MISSING OR INCOMPLETE DOCUMENTATION WILL CAUSE THE APPLICATION TO BE DECLINED AUTOMATICALLY

The “Application for Admission to Nursing or Allied Health Program” and all supporting documents should be sent to (mail or hand deliver)

Mailing/Hand Deliver Address
Fletcher Technical Community College
Department of Nursing
1407 Highway 311
Schriever, LA 70395

What to expect after applications are submitted?
Following the completion of the spring semester, applications will be reviewed. All required components are weighted, and all weighted parts will be combined for a total score. These scores will then be ranked, and the top total scores will be selected for the program. In the case that two applicants end up with the same final score, the essay score is used as a tie breaker.

All applicants will receive email notification of their status. Emails are sent approximately May 25th. Students are to respond accepting admission by completing a background check form and returning it to Fletcher’s Department of Nursing. Instructions for the form will be sent to accepted students. Failure to respond by deadline will result in forfeit of spot. Accepted students who are no longer interested in the program are encouraged to notify the Department of Nursing immediately as seating is limited.

Applicants with the top total scores will be given information regarding orientation and registration scheduled for June 3 and 4. If you do not attend this orientation, your invitation for admission will be revoked. Exceptions cannot be honored due to time sensitivity of sending application to the state board of nursing. Students who applied for the fall 2020 semester are expected to keep these dates open and plan accordingly. In addition, the next three applicants in line will be considered alternates in the case that one or more of the selected candidates do not or cannot register for the program.

The following items are not required for application but are included for the student to prepare should he/she be accepted:

- Schedule and pay for clinical courses
- Purchase books and other requirements.
- Flu shot by October
- Louisiana State Police and FBI Background Check
- Be free of a criminal record of pleading guilty or no contest to, or a conviction of a felony. If the applicant, has plead guilty or no contest to or has been convicted of a felony, he or she is immediately declared ineligible for the ASN (LPN to ASN track)
Program at Fletcher Technical Community College.

- Provide information about currently prescribed medications to the Department of Nursing prior to drug testing.
- Pass a urine drug screen and be subject to random drug testing. Applicants who receive positive results for the following substances including but not limited to synthetic street drugs, amphetamines, barbiturates, benzodiazepines, opiates, phencyclidines, Ritalin, or Adderall will be dismissed from the nursing department immediately if a letter was not present to the department prior to testing.

**Schedule and Work Recommendations**

This program is designed to allow a student to work while in the program. Students are encouraged to adjust the amount of hours worked in order to fulfill the student learning outcomes. All course work will be completed online. Labs will be scheduled every Monday and clinical will be scheduled on Mondays or weekends. Clinical rotation schedules are scheduled at a variety of clinical sites that may be over 20 miles or more from campus. Therefore, students’ personal commitments must remain flexible to meet course objectives and accommodate program requirements. Reliable transportation is needed due to the distance to some of the clinical sites.

**Louisiana State Board Approval**

Although a student may be accepted into the clinical portion of the program, the Louisiana State Board of Nursing may deny eligibility to enter/progress in clinical nursing courses. Fletcher Technical Community College Nursing department must comply with the Louisiana State Board of Nursing’s decisions.

Once a candidate becomes an LPN to ASN track clinical student, all ASN policies and procedures must be followed. All policies for the ASN program are found in the program handbook on the ASN page of the college website. Any student who has a failed attempt (whether the student resigns from the program or does not successfully complete the course/program) will have to reapply to the program.

**Criteria for Dismissal from the Nursing Program**

Items that will result in a student being dismissed from the program include but are not limited to:

- Failure to pay tuition by the enrollment census day
- Failure to comply with school or program regulations
- Violation of any school policy.
- Falsification of information given on official school or state board documents
- Falsification of records regarding patient care
- Unauthorized possession of an examination
- Failure to meet expectations relating to student behavior
- Failure to perform clinical duties as directed by the instructor.
- Commitment of any act which would result in ineligibility for licensure or certification

Revised 12/10/2019
• Conduct which is unrelated to the learning and inappropriate for either clinical or classroom (e.g. abusive language, threats, assault and battery, disruptive attitude or talking, use of cell phone, internet usage during classroom/lab instruction).
• Insubordination or any form of disrespect to program faculty and staff.
• Failure to maintain confidentiality both in and out of the clinical setting
• Failure to maintain satisfactory progress
• A pattern of behavior throughout the curriculum which is in violation of the policies in the handbooks.
• Violation of the attendance requirements
• Leaving the clinical or classroom without proper notification to the instructor
• Failure to maintain current scope of practice in clinical settings
